MEAT BREEDS (unsexed only)

You may mix 'n match for quantity pricing!

Cornish Rock Giant: 1-24 **\$8.95ea.**; 25+ **\$7.95ea.**

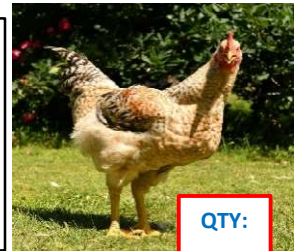

Western Rustic: 1-24 **\$10.75ea.**; 25+ **\$9.75ea.**

QTY:

CORNISH ROCK GIANT: These are the fastest growing, most efficient meat birds available. Their large breasts and thighs give them a great finish. For best results, butcher hens at 5-6 lbs live weight (6-8 wks). Roosters can be grown to 8-10 lbs live weight in 10-12 wks. These birds give excellent results under the right conditions, but are harder to raise than dual purpose birds.

WESTERN RUSTIC: A hardy slower-growing meat bird, the Western Rustic produces a tasty, fine quality meat. They have beautiful mottled coloring and excellent strong legs. A great alternative to the commercial broiler; they are hardy and more resistant to diseases. 5.5 lbs live weight at 9 weeks.

MiniCLASSIC TURKEY: Small, stocky, and robust, the MiniCLASSIC has been carefully bred to deliver all the desirable characteristics that turkeys have historically been appreciated for. As a smaller choice, the MiniCLASSIC is a more convenient cook size that delivers high quality, succulent taste with appealing table presentation.

ARTISAN GOLD TURKEY: The *Artisan Gold* is a rare breed from France renowned for its dedication to taste, uncompromising quality, and high standards. This breed is small in size and slow growing; it has black feathers, unique coloring in the face and feet, long black legs, and a pronounced beak.
